We Brighten Your Brands

SloanLED®
Leaders in LED Technology

Bordering on Brilliance.

Border tubing and accent LED lighting allows for creative sign solutions. SloanLED proudly offers three LED tubing solutions to fit your application. We bring more than 20 years of experience in designing and manufacturing high performance, reliable, long-lasting LED border tube products. Successful brands, who mean business, choose SloanLED.

ColorLINE

ColorLINE LED-based rigid tubing system adds stunning neon-like appeal and increased awareness to any building. Completely assembled and sealed tubes are ready for installation, and offer our brightest tubing light output, and innovative lit, mitered corners.
- Daytime color when non-illuminated*
- Slim profile similar to standard neon
- High impact acrylic: UV stable, hydrocarbon insensitive, and non-fading
- Product can be cut to custom lengths in the field

For more information on our Border Tubing & Accent collection of products, visit **SloanLED.com.**   * See color chart on page 4

SloanLED FlexTAPE

SloanLED FlexTAPE delivers flexibility and fast, easy installation in shallow channel letter and architectural accent applications where space is at a premium.

- Available in White (6500 K, 5000 K, 3500 K) and Red‡
- Easy installation with peel-n-stick back
- Can be cut in 50 mm (2") segments for zero waste
- Electrical connectors available for solder-free installation

FlexiBRITE

FlexiBRITE adds neon appeal to any LED-lit sign with the world's first completely flexible LED tubing. FlexiBRITE is field bendable, providing the freedom to create an endless array of profiles, contours, and patterns on the fly. Ideal for exterior and interior lighting applications such as sign perimeters, letters, symbols, accent stripes, borders, and open-face channel letters.

- Daytime color when non-illuminated*
- Optically modified silicone extrusion: UV stable, hydrocarbon insensitive, and non-fading
- Extremely flexible LED tubing
- Convenient mounting clips and mounting tracks
- Product can be cut to custom lengths in the field

LEDStripe

For 20 years LEDStripe® has added lighting elegance and distinction to buildings worldwide. This patented LED-based rigid tubing system, with its large profile and long runs, has become the border tube system of choice for many retail, restaurant, and lodging chains.

- Daytime color when non-illuminated*
- High impact acrylic: UV stable, hydrocarbon insensitive, and non-fading
- Can be factory bent to minimum 305 mm (12") radius
- Convenient, weatherproof connectors between sections
- Conforms to UL 48 requirements
- Product can be cut to custom lengths in the field
