Connection
AquaFigther
registered formula
Two chambers

- Keeps fuel tank completely free of water at all times.
- The only solution for removing **bio-bound water** from biodiesel content in the fuel tank.
* Only 6% of biodiesel raises diesel saturation point to 1800ppm
- Eliminates **bacteria** and **microbial growth** (**Diesel Bug**).
- One **Aquafighter®** keeps tank **water-free** for up to 5 years.
- Use **less fuel** over time.
- Reduces corrosion and blocked filters.
- Reduces tank cleaning and maintenance.
